

## RACCORDO PER TUBI IN TPE E IN GOMMA EPDM RACCORDO CONICO IN TPE

## EPDM RUBBER AND TPE BASE FITTINGS FOR PIPES TPE CONICAL BASE FITTING FOR PIPES

I raccordi vengono applicati nei casi in cui fuoriescono dei tubi di sfiato dal solaio di copertura.

L'applicazione è molto semplice, basta tagliare in corrispondenza della sezione richiesta, inserirlo all'esterno del tubo e sigillare mediante fascietta metallica stringitubo.

Base fittings are available to solve the problem of ventilation pipes coming out from the roofing floor.

The application is very simple. The base fittings shall be cut according to the pipe diameter required and then slipped on to the pipe. A metal ring to squeeze the rubber connection around the pipe will finish the operation.

## ANGOLI IN TPE

Servono per rinforzare gli spigoli e gli angoli delle coperture impermeabilizzate.

## TPE CORNERS

The main purpose of these items is to reinforce the waterproofing sheet on corners and edges.
